

Plumbers Putty

Product Specifications

Product Description

Plumbers putty is formulated to make a perfect watertight seal around faucets and drains. It remains soft and flexible, its water and gas proof and will not harden, shrink, crack or crumble

Physical and Chemical Properties

- Specific gravity: 2.10
- Solubility in water: Insoluble
- Odor: Mild petroleum
- Appearance: Beige putty
- Shelf life: 1 year from manufacture date

Directions for use

- Apply in a clean and dry Surface.
- Knead putty in hands and form a cord like shape.
- Place the putty on the surface to be sealed.
- The excess of the putty should squeeze out and be removed with a putty knife.
- For natural stone marble surface, apply a coat of clear acrylic lacquer.
